# **FINANCIAL** STATEMENTS

# INDEPENDENT AUDITOR'S REPORT

To the Members of **Megha Technical & Engineers Private Limited**

## REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

### Opinion

We have audited the accompanying Financial Statements of Megha Technical & Engineers Private Limited (the "Company"), which comprise the Balance Sheet as at 31 March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2021, the loss and other comprehensive loss, changes in equity and the cash flows for the year then ended.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance

with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter

- We draw your attention to Note 41 to the financial statement which states that the Company has charged off the differential Excise duty of ₹ 1,264.28 lacs as an Exceptional item. The same was booked as income in earlier years based on an order passed by High Court of Guwahati as per the judgement of Supreme Court. Subsequently, the Apex Court reversed its Order and certain parties had filed review petitions, pending which the Company had treated it as a Contingent liability. On rejection of such review petitions, the Company has charged off the same.

Our opinion is not modified in respect of this matter.

- We draw your attention to Note 45 to the Financial Statements which explain the uncertainties and the management's assessment of the financial impact due to the COVID-19 pandemic situation, for which a definitive assessment of the impact is highly dependent upon circumstances / developments as they evolve in the subsequent periods.

Our opinion is not modified in respect of this matter.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

## INDEPENDENT AUDITOR'S REPORT (Contd.)

Sl. No.	Key Audit Matter	Auditor's Response
1	<p><b>Related Party Transactions</b> (Refer Note no. 39 to the Financial Statements.)</p> <p>We identified the accuracy and completeness of disclosure of related party transactions as set out in respective notes to the Financial Statements as a key audit matter due to:</p> <ul style="list-style-type: none"> <li>• the significance of transactions with related parties during the year ended 31 March, 2021, necessitated to be at arm's length, significant cash flow between parties, intercompany contracts, and common management amongst other things.</li> <li>• the fact that the Related party transactions are subject to the compliance requirement under the Companies Act 2013 and SEBI (LODR) 2015.</li> </ul>	<p><b>Our audit procedures in relation to the evaluation and disclosure of related party transactions included:</b></p> <ul style="list-style-type: none"> <li>- Obtaining an understanding of the Company's policies and procedures in respect of the capturing of related party transactions and how management ensures all transactions and balances with related parties have been disclosed in the Financial Statements.</li> <li>- Obtaining an understanding of the Company's policies and procedures in respect of evaluating arms-length pricing and approval process by the audit committee and the board of directors.</li> <li>- Review of confirmation and reconciliation process and analytical review of various account balances and transaction balances amongst other things.</li> <li>- Assessing management's evaluation of compliance with the provisions of Section 177 and Section 188 of the Act and SEBI (LODR) 2015.</li> <li>- Evaluating the disclosures through reading of statutory information, books and records and other documents obtained during the course of our audit.</li> </ul> <p>Our examination has showed that the Related Party Transactions have been evaluated and disclosed appropriately</p>
2	<p><b>Litigation, Claims and Contingent Liabilities</b> (Refer Note no. 40 to the Financial Statements)</p> <p>Provisions and contingent liability disclosures may arise from indirect tax proceedings, legal proceedings, including regulatory and other government/ department proceedings, as well as investigations by authorities and commercial claims.</p> <p>The Company applies significant judgement in estimating the likelihood of the future outcome in each case and in determining the provisions or disclosures required for each matter. These estimates could change significantly over time as new facts emerge and each legal case progresses.</p> <p>The Company is involved in legal proceedings on disputed tax demands. The company's management has assessed that the probability of success of the demand is remote and accordingly has not provided for the disputed demands.</p> <p>This has been considered a key audit matter in view of the uncertain outcome of the litigations and involvement of significant management judgement in assessing the probability of outflow of economic resources.</p>	<p><b>Our audit procedures to assess the appropriateness of provisions and adequacy of disclosures included:</b></p> <ul style="list-style-type: none"> <li>- Reviewing the outstanding litigations against the Company for consistency with the previous years. Enquiring and obtaining explanations for movement during the year.</li> <li>- Reading the latest correspondence between the Company and the various tax/legal authorities.</li> <li>- Discussing the status of significant litigation with the Company's in-house Legal Counsel and other senior management personnel and assessing their responses.</li> <li>- On sample basis, examine the Company's legal expenses and read the minutes of the board meetings, in order to ensure all cases have been identified.</li> <li>- With respect to tax matters, discussing with the Company's tax officers, their views and strategies on significant cases, as well as the related technical grounds relating to their conclusions based on applicable tax laws.</li> <li>- For those matters where management concluded that no provisions should be recorded, considering the adequacy and completeness of the Company's disclosures with regard to facts and circumstances of the legal and litigation matters.</li> </ul> <p>On the basis of the above procedures performed, we considered the management's assessment in respect of contingencies and provision for taxes and other litigations and claims to be reasonable and disclosures to be appropriate.</p>

## **INDEPENDENT AUDITOR'S REPORT (Contd.)**

### **INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance Report and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **RESPONSIBILITY OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR FINANCIAL STATEMENTS**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls with reference to financial statements, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue

as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's

## INDEPENDENT AUDITOR'S REPORT (Contd.)

ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### OTHER MATTER

Due to COVID-19 pandemic and the consequential nationwide lockdown announced by the Central and State Government including travel restrictions, maintenance of social distancing

etc., the audit team has performed the audit from remote location on the basis of data, scanned copies, documents, management's estimates, assumptions, certificates and other information supplied electronically by the management on online platform. We have relied on Management's assurance of the authenticity, completeness and accuracy of these records electronically submitted to us. Further, our attendance at the physical inventory verification done by the management was impracticable under the current lockdown restrictions imposed by the government and we have therefore, relied on the related alternative audit procedures to audit the existence of inventory as per the guidance provided in SA 501 "Audit Evidence - Specific Consideration for Selected Items" and have obtained sufficient appropriate audit evidence to issue our unmodified opinion on the Financial Statements.

Our opinion is not modified in respect of this matter.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by 'the Companies (Auditor's Report) Order, 2016', issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - (a) Without prejudice to the issues described under "Other matter" section, we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts;
  - (d) In our opinion, the aforesaid Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder;
  - (e) On the basis of the written representations received from the directors as on 31 March, 2021 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;

**INDEPENDENT AUDITOR'S REPORT (Contd.)**

- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
- (g) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements - Refer Note no. 40 to the Financial Statements
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There were no amounts required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March, 2021.
3. With respect to the matter to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act:
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197 (16) of the Act which are required to be commented upon by us.

## **Annexure B to the Independent Auditor's Report**

**(Referred to under the heading "Report on Other Legal and Regulatory Requirements" in Paragraph 2(f) of our Independent Auditors' report of even date)**

### **Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013**

We have audited the internal financial controls with reference to financial statements of Megha Technical & Engineers Private Limited ("the Company") as at 31 March, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria

established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

### Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisation of the management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Company has, in all material respects, read with impact of COVID-19 stated in Emphasis of Matter paragraph in Independent Auditor's Report, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

# NOTES TO FINANCIAL STATEMENTS

## Corporate information

Megha Technical & Engineers Private Limited is a private limited company domiciled in India and incorporated on 13.12.2002 under the provisions of the Companies Act, 1956. The company is engaged in the manufacturing of cement and generation of power. The manufacturing unit is located at Lumshnong, Meghalaya. The company is selling its product across north eastern and eastern states of India.

## 1. SIGNIFICANT ACCOUNTING POLICIES

### 1.1 Basis of Preparation

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015, amendments thereto and other relevant provisions of the Act.

These financial statements were approved for issue in accordance with the resolution of the Board of Directors on 8th June, 2021.

The accounting policies are consistently followed by the Company and changes in accounting policy are separately disclosed.

(ii) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Net defined benefit asset/liability which is Fair value of plan assets less present value of defined benefit obligations
- Certain financial assets and financial liabilities that are measured at fair value.

(iii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

(iv) Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

### Use of Estimates

The preparation of financial statements is in conformity with generally accepted accounting principles which require the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future period. Revisions in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are summarised below:

- i) Classification of legal matters and tax litigation
- ii) Defined benefit obligations

## NOTES TO FINANCIAL STATEMENTS (Contd.)

- iii) Useful life of property, plant and equipment
- iv) Leases Ind AS 116

### 1.2 Foreign Currency Transactions and Balances

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian National Rupee (INR), which is the Company's functional and presentation currency.

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transactions. Exchange differences arising on settlement /restatement of short-term foreign currency monetary assets and liabilities of the company are recognized as income or expenses in the Statement of Profit and Loss All foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

### 1.3 Property, plant and equipment

Property, plant and equipment are stated at their cost of acquisition, installation or construction (net of any recoverable amount, wherever applicable) less accumulated depreciation, amortization and impairment losses if any, except freehold land which is carried at cost. Cost comprises the purchase price, installation and attributable cost of bringing the asset to working condition for its intended use.

Subsequent expenditures are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When significant parts of plant and equipment are required to be replaced the Company depreciates them separately based on their specific useful lives. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

#### Capital Work In Progress

Property, plant and equipment not ready for their intended use as on the balance sheet date are disclosed as "Capital work-in-progress". Such items are classified to the appropriate category of property, plant and equipment when completed and ready for their intended use. Advances given towards acquisition/ construction of property, plant and equipment outstanding at each balance sheet date are disclosed as Capital Advances under "Other non-current assets"

#### Expenditure during construction period

In case of new projects and substantial expansion of existing units, expenditure incurred including trial production expenses net of revenue earned, and attributable interest and financing costs, until the project is ready for its intended use are capitalised.

#### Depreciation

Depreciation on Property, plant and equipment is provided on written down value method for cement division and on straight line method for power division in accordance with the provisions of Schedule II to the Companies Act, 2013 and considering the useful lives for computing depreciation specified in Part 'C', thereof. Depreciation is provided on components that have homogenous useful lives by using the WDV/SLM method so as to depreciate the initial cost down to the residual value over the estimated useful lives. In respect of an asset for which impairment loss is recognized, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

#### Impairment of non-financial assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An impairment loss will be recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognized impairment loss is further provided or reversed depending on changes in circumstances.

## NOTES TO FINANCIAL STATEMENTS (Contd.)

### 1.4 Intangible Asset

An intangible asset is recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. The depreciable amount of an intangible asset is allocated over its estimated useful life. Expenditure on purchased software and IT related expenditure is written off over a period of three years.

### 1.5 Research and Development Expenditure

Research expenditure is recognised as an expense when it is incurred. Development costs are capitalised only after the technical and commercial feasibility of the asset for sale or use has been established. Thereafter, all directly attributable expenditure incurred to prepare the asset for its intended use are recognised as the cost of such assets.

### 1.6 Lease

#### As a Lessee:

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are initially measured at cost. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, an estimate of costs to be incurred in dismantling and removing or restoring the underlying asset and lease payments made at or before the commencement date less any lease incentives received. After the commencement date, the Right of use assets are measured applying the Cost model. They are subsequently measured at cost, less any accumulated depreciation, adjustments for any remeasurement of the lease liabilities and impairment losses. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

At the commencement date of the lease, the company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

#### As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease. Operating lease payments are recognised as an income in the Statement of Profit and Loss on a straight-line basis over the lease term, unless the receipt from lessee is structured to increase in line with expected general inflation and compensate for the lessor's expected inflation cost increase.

### 1.7 Government Grants / Subsidies

Government grants and subsidies are recognized when there is reasonable certainty that the same will be received. Revenue grants in the nature of recoupment/ reimbursement of any particular item of expenses are recognized in the Statement of Profit and Loss as deduction from related item of expenditure. Grants related to assets which are recognized in the Balance Sheet as deferred income, are recognized to the Statement of Profit and Loss on a systematic basis over the useful life of the related assets by netting off with the related expense.

## NOTES TO FINANCIAL STATEMENTS (Contd.)

### 1.8 Inventories

#### **Raw materials, stores and spare parts, fuel and packing material:**

Raw materials, stores and spares and fuel and packing material are valued at lower of cost and net realisable value. Cost includes purchase price, other costs incurred in bringing the inventories to their present location and condition, and taxes for which credit is not available. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on weighted average basis.

#### **Work-in-progress, finished goods and stock in trade:**

Work-in-progress, finished goods and stock in trade are valued at lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity, but excluding borrowing costs. Cost of Stock-in-trade includes cost of purchase and other cost incurred in bringing the inventories to the present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

### 1.9 Investments and other financial assets

#### **Classification**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of cash flows.

#### **Measurement**

At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### **Debt instruments**

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The company classifies its debt instruments into the following categories:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collections of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

#### **Equity instruments**

The Company subsequently measures all equity investments (except subsidiary, associate and joint venture) at fair value through profit or loss. However, where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss.

#### **Impairment of financial assets**

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

## NOTES TO FINANCIAL STATEMENTS (Contd.)

### Derecognition of financial assets

A financial asset is derecognised only when

- The company has transferred the rights to receive cash flows from the financial asset, or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the company has not retained control of the financial asset.

### 1.10 Trade receivables

Trade receivables are recognised initially at transaction price. Upon initial recognition of a receivable from a contract with a customer, any difference between the measurement of the receivable in accordance with Ind AS 109 and the corresponding amount of revenue recognised shall be presented as an expense. Subsequently, the trade receivables are measured at cost less expected credit losses. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience. The Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The loss allowance is measured at an amount equal to lifetime expected credit losses.

### 1.11 Cash & Cash Equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and demand deposits with banks and other short-term highly liquid investments/deposits that are readily convertible into cash which are subject to insignificant risk of changes in value with an original maturity of three months or less.

### 1.12 Financial liabilities

#### Initial recognition and measurement

The Company recognises all the financial liabilities on initial recognition at fair value minus, in the case of a financial liability not at fair value through Profit or Loss, transaction costs that are directly attributable to the acquisition or issue of the financial liability.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

#### Subsequent measurement

All the financial liabilities are classified as subsequently measured at amortised cost, except for those measured at fair value through profit or loss.

#### De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

### 1.13 Borrowing

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

## **NOTES TO FINANCIAL STATEMENTS (Contd.)**

### **1.14 Borrowing Costs**

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset is capitalized as part of cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use. All other borrowing costs are recognized as expense in the period in which they are incurred. Borrowing cost includes exchange differences arising from foreign currency borrowings to the extent that they are regarded as adjustment to the interest cost.

### **1.15 Trade and other payables**

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

### **1.16 Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

### **1.17(A) Revenue Recognition**

Revenue from sale of goods is recognised when control of the products has been transferred. The domestic sales are accounted when the products are dispatched to the customers and export sales are accounted on the basis of bill of export/bill of lading. Delivery occurs when the product has been dispatched to the specific location and the risk of obsolescence/loss has been transferred and there is no unfulfilled obligation that could affect the buyer's acceptance of the product as per the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods.

Revenue is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A contract liability is recognised for expected volume discounts payable to customers in relation to sales made until the end of the reporting period. A receivable is recognised when the goods are dispatched as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Revenue is exclusive of goods and service tax and net of discounts, sales returns and foreign exchange gain/(loss).

Unfulfilled performance obligations:

The Company provides certain benefits to customers for purchasing products from the Company. These provide a material right to customers that they would not receive without entering into a contract. Therefore, the promise to provide such benefits to the customer is a separate performance obligation. The transaction price is allocated to the product and the benefit to be provided on a relative stand-alone selling price basis. Management estimates the stand-alone selling price per point on the basis of providing cost of such benefits. These estimates are established using historical information on the nature, frequency and average cost of obligations and management estimates regarding possible future incidence. To the extent these benefits are not settled/disbursed till the end of a reporting period these are recorded.

A contract liability is recognised until the benefit is provided.

### **(B) Other Income**

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition

Dividend income is recognised when right to receive is established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

## NOTES TO FINANCIAL STATEMENTS (Contd.)

### 1.18 Employee Benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Defined Contribution Plan

Employee's benefits in the form of provident fund, ESIC and other labour welfare fund are considered as defined contribution plan and the contributions are charged off to the Statement of Profit and Loss account for the year when the contributions to the respective funds are due.

(iii) Defined Benefit Plan

Retirement benefits in the form of gratuity is considered as defined benefits obligations and are provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and transferred to retained earnings. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

(iv) Other Long-term Benefits

Long-term compensated absences are provided for on the actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

### 1.19 Tax Expenses

Tax expense comprises current and deferred tax. Provision for the current tax is made on the basis of taxable income for the current accounting year in accordance with the provisions of Income Tax Act, 1961.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The deferred tax in respect of temporary differences which originate during the tax holiday period and is likely to reverse during the tax holiday period, is not recognised to the extent income is subject to deduction during the tax holiday period as per the requirements of the Income Tax Act, 1961.

## **NOTES TO FINANCIAL STATEMENTS (Contd.)**

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

### **1.20 Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### **1.21 Provisions and Contingencies**

A provision is recognised for a present obligation as a result of past events if it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense. Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts. Contingent assets are also disclosed by way of notes to the accounts.

### **1.22 Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

### **1.23 Dividends**

Dividends paid (including dividend distribution tax thereon) is recognized in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders. The amount is recognised directly in equity.

**34. EMPLOYEE BENEFIT OBLIGATIONS****(a) Leave obligations and Leave travel allowance**

Under leave encashment scheme, the Company allows its employees to encash accumulated leave over and above thirty days at any time during the year. Hence, the entire amount of the provision is presented under current. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months.

The significant actuarial assumptions were as follows:

(₹ in Lakhs)		
Particulars	31-Mar-21	31-Mar-20
Discount rate	6.90%	7.00%
Expected return on plan asset	6.90%	7.00%

(iii) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	(₹ in Lakhs)			
	Impact on defined benefit obligation			
	31-Mar-21		31-Mar-20	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	(82.52)	100.61	(80.77)	97.49
Salary growth rate (-/+ 1%)	100.34	(81.99)	(97.15)	80.96
Withdrawal Rate (-/+ 1%)	91.43	(90.27)	(89.23)	87.70

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

## NOTES TO FINANCIAL STATEMENTS (Contd.)

**(iv) The major categories of plans assets**

The defined benefit plans are funded with an insurance company of India. The Company does not have any liberty to manage the funds provided to insurance companies. Thus the composition of each major category of plan assets has not been disclosed.

Major Categories of Plan Assets as a percentage of total plan assets	Gratuity (Funded)	
	31-Mar-21	31-Mar-20
Funds managed by Insurer	100%	100%

**(v) Risk exposure**

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk :

The defined benefit plans are funded with insurance companies of India. The Company does not have any liberty to manage the funds provided to insurance companies.

Interest risk :

A decrease in the interest rate on plan assets will increase the plan liability.

Life expectancy :

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk :

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

**(vi) Defined benefit liability and employer contributions**

Expected contributions to post-employment benefits plans for the year ending 31st March, 2022 are ₹ 13.69 Lakhs.

The weighted average duration of the defined benefit obligation is 5.38 years (31st March, 2020 : 5.59 years). The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	(₹ in Lakhs)		
	Less than a year	Between 2 - 5 years	Between 5 - 10 years
31st March 2021	4.47	5.11	17.68
31st March 2020	4.73	21.34	41.70

**c) Provident Fund:**

Contribution towards provident fund are recomputed as expenses in the Statement of Profit and Loss. The Company has a defined contribution plan. Under the defined contribution plan, provident fund is contributed to the Government administered provident fund. The Company has no further contractual nor any constructive obligation, other than the contribution payable to the provident fund. The expense recognised during the period towards defined contribution plan is ₹ 34.61 Lakhs (31st March, 2020: ₹ 35.07 Lakhs)

**(i) Fair value hierarchy**

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of significant inputs is not based on observable market data, the instrument is included in level 3.

**(ii) Valuation technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

- the fair value of the financial instruments is determined using discounted cash flow analysis.
- the fair value of all assets and liabilities

## NOTES TO FINANCIAL STATEMENTS (Contd.)

<b>Total financial liabilities</b>	<b>31.74</b>	<b>31.74</b>	<b>32.29</b>	<b>32.29</b>

The carrying amounts of all other financial assets and financial liabilities are considered to be the same as their fair values, due to their short-term nature. The carrying amounts of loans given are at floating rate of interest hence are considered to be close to the fair value.

The fair values for financial instruments were calculated based on cash flows discounted using current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The Company has recognised interest on lease liability of ₹ 0.23 Lakhs under Finance Costs (Previous year ₹ 0.30 Lakhs).

The aggregate depreciation on ROU assets has been included under depreciation and amortisation expense in the Statement of Profit and Loss.

## NOTES TO FINANCIAL STATEMENTS (Contd.)

### 37. CAPITAL MANAGEMENT

#### Risk management

The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The amount mentioned under total equity in Balance Sheet is considered as Capital.

The Company does not have any externally imposed capital requirements.

### 38. FINANCIAL RISK MANAGEMENT

The Company's activities are exposed to a variety of financial risks: credit risk, liquidity risk and market risk (i.e. foreign currency risk, interest rate risk and price risk).

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk:

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Ageing analysis	Diversification of customer base
Liquidity risk	Financial liabilities that are settled by delivering cash or another financial asset.	Cash flow forecasts	Projecting cash flows and considering the level of liquid assets necessary to meet the liabilities
Market risk – foreign exchange	Future commercial transactions and recognised financial assets & liabilities not denominated in Indian National Rupee (INR).	Cash flow forecasting Sensitivity analysis	Projecting cash flows and considering the forecast of fluctuation in exchange rates
Market risk – interest rate	Long-term borrowings at fixed rates	Sensitivity analysis	Continuous monitoring the performance of investments
Market risk – price risk	Investments in equity securities	Sensitivity analysis	Continuous monitoring of Company's performance

#### (A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

#### (i) Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 days credit terms. Outstanding customer receivables are regularly monitored. Further the Company receives security deposit from its customers which mitigates the credit risk. The Company has no concentration of credit risk as the customer base is widely distributed both economically and geographically. The ageing of trade receivables as of balance sheet date is given below. The ageing analysis have been considered from the due date:

Particulars	(₹ in Lakhs)					
	Not due	Less than 6 Months	More than 6 Months and upto 1 years	More than 1 years	Allowances for doubtful trade receivables	Net carrying amount of trade receivables
As on 31st March, 2021	-	-	-	117.30	(74.77)	42.53
As on 31st March, 2020	0.14	8.22	0.86	124.61	(81.28)	52.56

**NOTES TO FINANCIAL STATEMENTS (Contd.)****(ii) Financial instruments and deposits**

Credit risk from balances with banks and financial institutions is managed by the Company's finance department. For banks and financial institutions, only high rated banks/institutions are accepted.

Financial Assets are considered to be of good quality and there is no significant credit risk.

The Company's maximum exposure to credit risk for the components of the Balance Sheet at 31st March, 2021 and 31st March, 2020 is the carrying amounts as illustrated in Note 35.

**(B) Liquidity risk**

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the underlying business, the Company maintains sufficient cash and liquid investments available to meet its obligation.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The management also considers the cash flows projection and level of liquid assets necessary to meet these on a regular basis.

**(i) Financing arrangements**

The Company has no borrowings and hence the undrawn borrowing facilities at the end of the reporting period is nil.

**Maturities of financial liabilities**

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

**(₹ in Lakhs)**

<b>Total financial liabilities</b>	<b>94.57</b>	<b>1.45</b>	<b>0.65</b>	<b>-</b>	<b>96.67</b>

\* Security deposits received from customers has not been included in the above maturity profile as the repayment of the same cannot be reasonably estimated.

**(C) Market Risk****(i) Foreign currency risk**

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Further foreign exchange risk also arises from future cash flow against foreign currency loan. The risk is measured through a forecast of highly probable foreign currency cash flows.

**NOTES TO FINANCIAL STATEMENTS (Contd.)**

- (a) On the basis of the direction of the High Court of Meghalaya dated 30.08.2018 following the decision of the Supreme Court dated 10.11.2017 passed in SRD Nutrients Pvt. Ltd. -vs- Commissioner of Central Excise, Guwahati, Company has received a refund of Education Cess and Secondary & Higher Education Cess amounting to ₹ 244.18 Lakhs in previous years. However, the Apex court vide its order dated 06.12.2019 have taken a contrary view in the matter of M/s. Unicorn Industries Vs Union of India and Others. Based on the later judgement a demand letter was raised by the department to refund back the amount granted. As the order dated 30.08.2018, has attained its finality and the refund was granted accordingly, the Company has preferred a writ petition before the Meghalaya High Court against the above demand letter. Meghalaya High Court has stayed the said demand vide its order dated 16.06.2020. Based on the legal advice obtained by the Company from External Counsel as well as its own assessment there is every likelihood that the said demand will be quashed and therefore no provision have been taken in the books of account.

**41. EXCEPTIONAL ITEM**
